

## Our Passion

If you find yourself longing to know what river travel in Ohio was like or are just looking to spend some time outdoors, OHCRA can answer those interests and curiosities for you.

Members have found that river travel is an excellent way to capture a sense of Ohio's history. Participating in OHCRA events offers an eye-opening look at the natural beauty of Ohio. Through first-hand experience members grow to understand the dependence Native American and European explorers had on river travel in Ohio.
